

U.S. Department of Energy
**Energy Efficiency
and Renewable Energy**

Bringing you a prosperous future where energy
is clean, abundant, reliable, and affordable

Weatherization & Intergovernmental Program

American Recovery and Reinvestment Act Funds

ACCES Symposium

March 19, 2009

Sacramento, CA

DOE Recovery Act Funding

- \$5 billion for Weatherization Assistance Program
- \$3.1 billion for the State Energy Program
- \$3.2 billion for the Energy Efficiency and Conservation Block Grants

DOE Recovery Act (cont.)

- \$2.5 billion for Applied Research, Development, Demonstration and Deployment
- \$2 billion for Advanced Battery Manufacturing Grants
- \$400 million for Transportation Electrification
- \$300 million for an Energy Efficient Appliance Rebate Program and Energy Star
- \$300 million for an Alternative Fueled-Vehicles Pilot Grant Program

California Allocations

- \$ 185 million for Weatherization (up from 6 million per year)
- \$ 226 million for SEP (up from 2M/year)
- \$ 56 million for EEC Block Grants plus 100 millions for locals (estimated)

Weatherization Jobs

- 27 jobs for every \$1million (Dept. of Commerce)
- Would mean an increase of approx. 5,000 new jobs --- 35% direct hire, 65% indirect
- Time frame: 3 years

New Technologies in WAP

- Solar and other Renewables may be an option on multi-family units
- \$6,500 average cost per unit
- SIR must be ≥ 1
- Can be combined with other funds or rebates

Energy Efficiency and Conservation Block Grants (EECBG)

- States, Cities, Counties, Indian Tribes, or Consortia of these
- 68% in direct grants to the largest cities and counties in each state
- 28% in direct formula to States & Territories (60% of this to be subgranted to those not eligible to receive direct grants above)

EECBG Activities

- Development of EEC Strategy
- Building Energy Audits (Res. & Comml.)
- Financial Incentive Programs
- EE Retrofits
- EEC Programs for Buildings and Facilities
- Transportation Programs
- Building Codes and Inspections

EECBG Activities (cont.)

- Energy Distribution Technologies
- Material Conservation Programs
- Reduction and Capture of Greenhouse Gases
- Traffic Signals & Street Lighting
- Renewable Energy for Government Buildings
- Any Other Appropriate Activity that meet purpose of the program and approved by DOE
