I thank you so much for the windows
and the other things you gave me, it
sure helped me out.

Your workers was very good workers
They worked good together, and hard
and study. and tell you what they was
going to do to make sure it was O.K.
with me.

They check every thing in my house all
the windows & doors, out lets, sealed
and weather striped every thing where
my house would be easy to keep warm
in the winter & cool in the summer.
They put energy saving light bulbs
every where.

They are 2 very good workers.

PAYEL, P. and ALBERT, A.

I thank you
